Cremated Remains Disposers

The Department of Consumer Affairs, Cemetery and Funeral Bureau (Bureau) has prepared the following booklet to provide registered cremated remains disposers with information about the lawful scattering of cremated remains in the State of California. The information in this booklet includes: details about registration and renewal requirements for cremated remains disposers; requirements for obtaining state permits to dispose of cremated human remains; state storage requirements; statutory duties of cremated remains disposers; and other applicable state laws. This booklet reflects California law regarding cremated remains disposers as of January 1, 2017 contained in the Business and Professions Code (BPC) and the Health and Safety Code (HSC), and regulations contained in the California Code of Regulations (CCR). The laws and regulations referenced are also available on the Bureau's website at www.cfb.ca.gov.

Registration

A cremated remains disposer disposes of, or offers to dispose of, cremated human remains by scattering (BPC §§ 7611.9, 7672). To request an *Application for Registration as a Cremated Remains Disposer* or for additional information, contact the Bureau's Licensing Unit at (916) 574-7870. Applications are also available on the Bureau's website at the following link: www.cfb.ca.gov/licensee/app. The Bureau's complete contact information is on the last page of this booklet.

To apply for registration as a cremated remains disposer, an individual must submit a completed application and a registration fee of \$100 (BPC § 7730.1) to the Bureau.

The application for registration requires:

- A written description and identification of aircraft or boat, if aircraft or boats will be used, and the registration and documentation number (BPC § 7672.1).
 - Aircraft must have a valid certification by the Federal Aviation Administration (BPC § 7672.3).
 - Boats must be registered with the Department of Motor Vehicles or be documented by a federal agency, as appropriate (BPC § 7672.3).
 - The current aircraft pilot's license and/or boating license must be posted at the cremated remains disposer's place of business (BPC § 7672.1(b)).
- The applicant must indicate area(s) to be served (BPC § 7672.1).
- The applicant must provide the address and phone number of any storage facility being used to store cremated remains (BPC § 7672.6(a)(2)).

The registration must be renewed each year by September 30th (BPC § 7672.8). Any person not exempt from registration who scatters cremated remains without a valid registration is guilty of a misdemeanor (BPC § 7672.10). The following are exempt from

Cremated Remains Disposer Booklet: Complying with California Law

registration as a cremated remains disposer: licensed cemeteries (certificates of authority), crematories, funeral directors, cemetery brokers, cemetery salespersons, and any person with the right to control disposition of the cremated remains or that person's designee, provided the person with the right to control disposition or the designee does not dispose of more than 10 cremated remains a year (BPC § 7672).

Registration Renewal

Each cremated remains disposer registration expires annually on September 30th, unless renewed. To renew the registration, a cremated remains disposer must:

- Complete the renewal form (BPC § 7672.8)
- Pay the \$50 renewal fee (BPC § 7730.2) plus \$25, if delinquent (BPC §§ 7672.9, 7729.2)
- File the Annual Report with the Bureau (BPC §§ 7672.7, 7672.8)

Registration will not be renewed until a completed Annual Report is filed with the Bureau (BPC §7672.8). The Annual Report is available on the Bureau's website at the following link: www.cfb.ca.gov/licensee/crd_annual_report.pdf.

Each cremated remains disposer must file with the Bureau, by September 30th of each year, an Annual Report covering the fiscal year of July 1 through June 30. This means the report due by September 30th must include all cremated remains scattered from July 1, of the previous year, through June 30, of the year the registration is renewed (BPC §§ 7672.7, 7672.8). The Annual Report must include:

- Names of the deceased persons whose cremated remains were disposed of
- Dates that the cremated remains disposer received the cremated remains
- Names and addresses of the persons who authorized disposal of the remains
- Dates and locations of disposal of the remains
- Means and manner of disposition (BPC § 7672.7(a))

Throughout the year, each cremated remains disposer must maintain a current Annual Report (BPC § 7672.7(a)). The report is subject to inspection by the Bureau (BPC § 7672.6(a)(2)).

Making a willful and material false statement regarding the disposal of cremated remains in the Annual Report is a misdemeanor and can subject the cremated remains disposer to disciplinary action by the Bureau (BPC § 7672.7(b) and (c)).

Permits for Disposition

Cremated remains may not be scattered unless a Death Certificate and Permit for Disposition of Human Remains has been obtained from a local registrar of births and deaths (HSC § 103050). When cremated remains are to be scattered, the disposition permit must specify any one of the following: name of the cemetery where the cremated remains will be scattered; burial at sea as provided in HSC § 7117; or address or description of the place where the cremated remains shall be scattered (HSC § 103055).

Within 10 calendar days of scattering, the person to whom the permit for disposition was issued shall sign the permit, endorse upon it the date of final disposition and return it to the local registrar of births and deaths in the district in which the disposition took place, and the third copy must be returned to the local registrar where the permit was issued (HSC §§ 7117(b), 103060). The second copy is retained by the crematory.

If scattering at sea from a boat or from the air, the cremated remains disposer must also file a copy of the permit for disposition within 10 calendar days with the local registrar of births and deaths in the county nearest the point where the remains were scattered, a verified statement containing the name of the deceased person, the time and place of death, the place at which the cremated remains were scattered, and any other information that the local registrar of births and deaths may require (HSC § 7117(b)).

Within 30 days of scattering, the cremated remains disposer must provide a photocopy of the fully completed disposition permit to the person with the right to control disposition of the remains (BPC § 7672.5).

Cremated remains may not be removed from the place of cremation without a permit issued by the local registrar of births and deaths (HSC § 7055).

For more information regarding permits for disposition of human remains contact the California Department of Public Health website at www.cdph.ca.gov or consult county telephone listings for the local registrar of births and deaths.

Scattering

"Scattering" is the authorized dispersal of cremated remains at sea, in other areas of the state, or commingling in a defined area within a dedicated cemetery as provided in the Health and Safety Code (HSC §§ 7010.7, 7116, 7117, 7117.1).

In order to scatter cremated remains, a cremated remains disposer must have specific written instructions from the individual(s) with the right to control disposition and must scatter in accordance with those instructions (BPC § 7672.4).

All aircraft used for the scattering shall have a valid certification from the Federal Aviation Administration. All boats or vessels used for the scattering of cremated remains shall be registered with the Department of Motor Vehicles or documented by a federal agency (BPC § 7672.3).

Cremated Remains Disposer Booklet: Complying with California Law

The cremated remains disposer must:

- Dispose of cremated remains within 60 days of the time the remains are received, unless the cremated remains disposer presents a written, signed reason for the delay to the person(s) with the right to control disposition of the remains (BPC § 7672.6(a)(1)).
- Scatter the cremated remains from individual containers, unless scattering at sea utilizing a scattering urn (HSC § 7117.1). Except with the express written permission of the person with the right to control disposition of the remains, the law prohibits commingling cremated remains prior to scattering (HSC § 7054.7(a)(2)).
- File the disposition permit with the local registrar of births and deaths within 10 calendar days of scattering (HSC § 103060). Within 30 days of scattering, the cremated remains disposer must provide a photocopy of the fully completed disposition permit to the person with the right to control disposition of the remains (BPC § 7672.5).

Scattering at Sea:

- Cremated remains must be removed from their container before the remains are scattered at sea (HSC § 7117(a)), unless a scattering urn (closed container containing cremated remains that will dissolve and release its contents within 4 hours of being placed at sea) is used, in which case the cremated remains may be transferred from their durable container into the scattering urn no more than seven days prior to scattering the cremated remains at sea from a boat (HSC § 7117.1).
- Scattering at sea cannot take place within 500 yards of the shoreline, and includes the inland navigable waters of the state. Scattering at sea does not include lakes and streams, nor does it include scattering from a bridge or pier (HSC § 7117(c)).

Scattering in other areas of the State:

- Cremated remains may be scattered in areas where no local prohibition exists, provided that written permission to scatter is obtained from the property owner or governing agency. State or local agencies may restrict or prohibit such scattering (HSC § 7116).
- When cremated remains are lawfully scattered in areas other than at sea, they must be removed from their container and not be distinguishable to the public (HSC § 7116).

Cremated Remains Disposer Booklet: Complying with California Law

- Cremated remains may not be disposed of in refuse, or in any manner other than that provided by law (HSC § 7054).

Storage Requirements

The address of the cremated remains storage area must be posted at the cremated remains disposer's place of business (BPC § 7672.1(b)).

Cremated remains shall be stored in a place free from exposure to the elements and shall be responsibly maintained until disposal (BPC § 7672.6(a)(2)).

Cremated remains must not be stored in a manner that results in the loss of all or part of the cremated remains or the inability to individually identify the cremated remains (BPC § 7673.1).

Cremated remains must be received in a durable container and prior to disposition the cremated remains disposer must:

- Keep the cremated remains in a durable container, unless utilizing a scattering urn, in which case the cremated remains cannot be transferred from the durable container more than seven days before scattering at sea from a boat (HSC §§ 7054.6(c)(1) & (c)(2), 7117.1).
- Store the cremated remains in a place free from exposure to the elements (HSC § 7054.6(c)(3)).
- Responsibly maintain the cremated remains (HSC § 7054.6(c)(4)).

Cremated remains must be scattered from individual containers. The law prohibits commingling cremated remains prior to scattering, except with the express written permission of the person with the right to control disposition of the remains (HSC § 7054.7(a)(2)). This also applies to the use of scattering urns (HSC § 7117.1).

The cremated remains disposer must provide the Bureau with the address and phone number of any storage facility used to store cremated remains. The Bureau may inspect any place used for storage of cremated remains without notice to the cremated remains disposer (BPC § 7672.6(a)(2)).

If the name or address of the cremated remains disposer changes, the cremated remains disposer must submit a written name or address change request to the Cemetery and Funeral Bureau at 1625 North Market Blvd., Suite S-208, Sacramento, CA 95834, and pay a \$25 change of name or address fee (BPC § 7730.3; CCR § 2321). For a name change, include the following with the required fee: licensee's previous name, licensee's new name, license number, and legible copy of government issued identification (marriage certificate, divorce decree, driver's license, etc.) reflecting new name. For an address change, include the following with the required fee: licensee's name, license number, old and new address, and contact phone number. Faxed

Cremated Remains Disposer Booklet: Complying with California Law

requests will not be accepted.

If the storage facility used by the cremated remains disposer to store cremated remains changes, the cremated remains disposer must submit a written request to the Bureau to change the storage facility address. Submit the written request to the Cemetery and Funeral Bureau at 1625 North Market Blvd., Suite S-208, Sacramento, CA 95834. Please include the following: licensee's name, license number, old and new address, and contact phone number. This request may also be made by faxing the required information to the Bureau at (916) 928-7988.

Inspection by the Bureau

The Bureau conducts random, unannounced inspections of the operations of cremated remains disposers and is authorized to inspect any place used by a cremated remains disposer for the storage of cremated remains without notice to the cremated remains disposer (BPC § 7672.6(a)(2)).

The cremated remains disposer shall post: 1) a copy of his or her current pilot's license if disposing by air; or 2) a copy of his or her current boating license if disposing by boat; and the address of the cremated remains storage area at his or her place of business (BPC § 7672.1(b)).

The valid certification and registration for aircraft/vessel/vehicles used during scattering must be available during inspection (BPC § 7672.3).

The cremated remains disposer registration certificate must be posted in public view (BPC § 7680).

Upon inspection by the Bureau, an Inspection Report will be completed, and the cremated remains disposer will be given a copy of the report. All violations of law identified in the report must be corrected, and may subject the cremated remains disposer to disciplinary action by the Bureau (BPC § 7673.2). The Bureau is authorized to issue citations containing orders of abatement and assess administrative fines for violation of the statutes and regulations enforced by the Bureau (CCR § 2382).

Chapter 2. General Provisions §§ 7050.5 – 7055

§ 7054. (a)(1) Except as authorized pursuant to the sections referred to in subdivision (b), every person who deposits or disposes of any human remains in any place, except in a cemetery, is guilty of a misdemeanor.

(2) Every licensee or registrant pursuant to Chapter 12 (commencing with Section 7600) or Chapter 19 (commencing with Section 9600) of Division 3 of the Business and Professions Code and the agents and employees of the licensee or registrant, or any unlicensed person acting in a capacity in which a license from the Cemetery and Funeral Bureau is required, who, except as authorized pursuant to the sections referred to in subdivision (b), deposits or disposes of any human remains in any place, except in a cemetery, is guilty of a misdemeanor that shall be punishable by imprisonment in a county jail not exceeding one year, by a fine not exceeding ten thousand dollars (\$10,000), or both that imprisonment and fine.

(b) Cremated remains may be disposed of pursuant to Sections 7054.6, 7116, 7117, and 103060.

Cremated Remains Disposer Booklet: Complying with California Law

(c) Subdivision (a) of this section shall not apply to the reburial of Native American remains under an agreement developed pursuant to subdivision (l) of Section 5097.94 of the Public Resources Code, or implementation of a recommendation or agreement made pursuant to Section 5097.98 of the Public Resources Code.

§ 7054.6. (a) Except as provided in subdivision (b), cremated remains may be removed in a durable container from the place of cremation or interment and kept in or on the real property owned or occupied by a person described in Section 7100 or any other person, with the permission of the person with the right to disposition, or the durable container holding the cremated remains may be kept in a church or religious shrine, if written permission of the church or religious shrine is obtained and there is no conflict with local use permit requirements or zoning laws, if the removal is under the authority of a permit for disposition granted under Section 103060. The placement, in any place, of six or more cremated remains under this section does not constitute the place a cemetery, as defined in Section 7003.

(b) Notwithstanding any other provision of law, cremated remains may be placed in one or more keepsake urns. Keepsake urns shall be kept as authorized by the person or persons with the right to control disposition pursuant to Section 7100, provided that a permit for disposition of human remains pursuant to Section 103060 is issued by the local registrar for each keepsake urn designating the home address of each person receiving a keepsake urn and a permit fee pursuant to Section 103065 is paid. (c) Prior to disposition of cremated remains, every licensee or registrant pursuant to Chapter 12 (commencing with Section 7600) or Chapter 19 (commencing with Section 9600) of Division 3 of the Business and Professions Code, and the agents and employees of the licensee or registrant shall do all of the following:

- (4) Responsibly maintain the cremated remains.

§ 7054.7. (a) Except with the express written permission of the person entitled to control the disposition of the remains, no person shall:

(1) Cremate the remains of more than one person at the same time in the same cremation chamber, or introduce the remains of a second person into a cremation chamber until incineration of any preceding remains has been terminated and reasonable efforts have been employed to remove all fragments of the preceding remains. The fact that there is residue in the cremation chamber or other equipment or any container used in a prior cremation is not a violation of this section.

(2) Dispose of or scatter cremated remains in a manner or in a location that the remains are commingled with those of another person. This paragraph shall not apply to the scattering of cremated remains at sea from individual containers or to the disposal in a dedicated cemetery of accumulated residue removed from a cremation chamber or other cremation equipment.

(3) Place cremated or uncremated remains of more than one person in the same container or the same interment space. This paragraph shall not apply to the following:

(A) Interment of members of the same family in a common container designed for the cremated remains of more than one person.

(b) Written acknowledgement from the person entitled to control the disposition of the cremated remains shall be obtained by the person with whom arrangements are made for disposition of the remains on a form that includes, but is not limited to, the following information: "The human body burns with the casket, container, or other material in the cremation chamber. Some bone fragments are not combustible at the incineration temperature and, as a result, remain in the cremation chamber. During the cremation, the contents of the chamber may be moved to facilitate incineration. The chamber is composed of ceramic or other material which disintegrates slightly during each cremation and the product of that disintegration is commingled with the cremated remains. Nearly all of the contents of the cremation chamber, consisting of the cremated remains, disintegrated chamber material, and small amounts of residue from previous cremations, are removed together and crushed, pulverized, or ground to facilitate inurnment or scattering. Some residue remains in the cracks and uneven places of the chamber. Periodically, the accumulation of this residue is removed and interred in a dedicated cemetery property, or scattered at sea." The acknowledgment shall be filed and retained, for at least five years, by the person who disposes of or interts the remains.

(c) Any person, including any corporation or partnership, knowingly violating any provision of this section is guilty of a misdemeanor.

§ 7055. (a) Every person, who for himself or herself or for another person, interts or incinerates a body or permits the same to be done, or removes any remains, other than cremated remains, from the primary registration district in which the death or incineration occurred or the body was found, except a removal by a funeral director in a funeral director's conveyance or an officer of a duly accredited medical college engaged in official duties with respect to the body of a decedent who has willfully donated his or her body to the medical college from that registration district or county to another registration district or county, or within the same registration district or county, without the authority of a burial or removal permit issued by the local registrar of the district in which the death occurred or in which the body was found; or removes interred human remains from the cemetery in which the interment occurred, or removes cremated remains from the premises on which the cremation occurred without the authority of a removal permit is guilty of a misdemeanor and punishable as follows:

(2) For each subsequent offense, by a fine of not less than fifty dollars (\$50) nor more than five hundred dollars (\$500) or imprisonment in the county jail for not more than 60 days, or by both.

(b) Notwithstanding subdivision (a), a funeral director of a licensed out-of-state funeral establishment may transport human remains out of this state without a removal permit when he or she is acting within the requirements specified in subdivision (b) of Section 103050.

Chapter 3.

Custody, and Duty of Interment

§§ 7100 – 7117.1

§ 7116. Cremated remains may be scattered in areas where no local prohibition exists, provided that the cremated remains are not distinguishable to the public, are not in a container, and that the person who has control over disposition of the cremated remains has obtained written permission of the property owner or governing agency to scatter on the property. A state or local agency may adopt an ordinance, regulation, or policy, as appropriate, authorizing, consistent with this section, or specifically prohibiting, the scattering of cremated human remains on lands under the agency's jurisdiction. The scattering of the cremated remains of more than one person in one location pursuant to this section shall not create a cemetery pursuant to Section 7003 or any other provision of law.

Cremated Remains Disposer Booklet: Complying with California Law

§ 7117. (a) Cremated remains may be taken by boat from any harbor in this state, or by air, and scattered at sea. Cremated remains shall be removed from their container before the remains are scattered at sea.
